LUDLOW BOXING CLUB PROJECT

As you will be aware work on the construction of a new Boxing Club and community facility at Wheeler Road playing field is progressing well despite the adverse weather. A major element of the works will be the casting of the floor slab which we will be undertaking on Friday 8th February extending into the weekend.

Because of the low temperatures it is likely this will involve some overnight working on Saturday which will involve generators and powered equipment. We will attempt to minimise any disturbance and this is a one-off where the curing of the concrete is a variable factor and we have to monitor it to decide when to apply a power float finish.

This is an exceptional element of the works where we have to extend beyond normal working hours and greatly appreciate your co-operation to help us deliver this important community facility.

If you have any questions please do not hesitate to contact

Colin Richards (07582 004522)

email: colin.richards@shropshire.gov.uk

Yours sincerely

Gina Wilding
