

## your local market

Summertime music, sunshine, cheerful traders, excellent craftwork, local produce, and a wide range of quality wares and bargains were the winning ingredients on Saturday 7 July at Ludlow market for Love your Local market event to highlight the positive impact of the market including family fun and local business opportunities.

The market is a great place to meet and find out what's going on in Ludlow – residents and visitors were able to see the 'FUNKY' furniture designs and work by students from Ludlow College, South Shropshire Furniture Scheme, Ludlow 21 and Skillbuilders CIC presented by Councillor Graeme Perks in his capacity as the Skillbuilders representative.

Graeme Perks, who was on hand during the day to talk about the furniture said, 'All the partners involved in 'Funky' project are very appreciative of the showcase opportunity that Ludlow Town Council has provided.'

Cllr Susan McCormack and Cllr Jeffrey Wilcox were available to answer questions and receive feedback regarding housing and business site allocation in Ludlow and Shropshire Council's Part Night Lighting scheme. If you would like to find out more about either of these issues, please visit [www.ludlow.gov.uk](http://www.ludlow.gov.uk) and go to the consultation page.

Ludlow market is located in the heart of Ludlow by the famous Castle. Ludlow Town Council is proud to manage the market and proud of their work to encourage social, cultural, and economic activities for the benefit of Ludlow.
