The Foyer
The Wool Shop

The Foyer is dedicated to providing housing and a supportive environment for young people who find themselves without a home. Staff at the Foyer provide support for young people helping them to access training and education opportunities, job hunting, finding voluntary work and help to move on and set up home.

All money raised will go towards the purchase of items for "Welcome Packs" for those young people who arrive with very little. We would like to provide them with basic things (personal items, towel, bedding, etc.) to give them a proper start.
